

One-on-One Positive Discipline in Everyday Parenting In your First Language in your Home

“Positive Discipline” describes a non-violent approach to teaching our children, while being respectful of the child as a learner and individual human being.

Mosaic is offering 1-on-1 Positive Discipline programs done by our trained facilitators (peer mentors) in the homes of newcomer parents in their first language. A childcare worker will accompany the peer mentor during home visits to engage with the children while the parent is learning about Positive Discipline in Everyday Parenting. Parents will receive 8 two-hour sessions scheduled at a time

convenient for them; they will also attend 3 group sessions at Mosaic.

We are recruiting 20 participants for this program, which will run from Jan to Mar 2014.

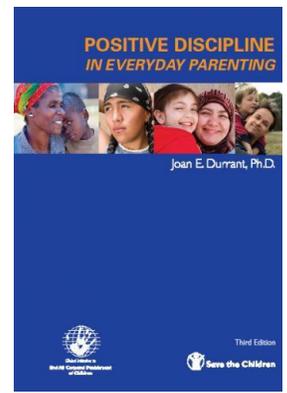

The languages our facilitators are able to do this program in are as follows:

- Amharic
- Arabic
- Bengali
- French
- Hebrew
- Karen
- Kinyarwanda
- Kirundi
- Malay
- Oromo
- Russian
- Somali
- Spanish
- Swahili
- Tagalog
- Tamil
- Tigrigna

Please use the registration form to refer potential participants for the program. Priority will be given to individuals with low benchmark levels who would have difficulty understanding sessions in English as well as difficulty attending group sessions.

We are looking for participants in need of this program but we are not able to accommodate families in crisis. Our facilitators are trained as parent educators and not as counselors so we do not want to put them in situations that would be too challenging for them.

We will accept individual parents or couples who want to participate. Applicants will be chosen based on our ability to match them up with a facilitator who speaks their language and their availability. Please use the attached application form to apply.
